All in a good cause

Numbers may have been down but the Property Industry Foundation annual regatta at the Middle Harbour Yacht Club will still be a huge contributor to helping homeless children. PIF boss **Rosemary Smithson** says she hopes \$300,000 will be raised and be spent on projects such as the Sir David Martin Foundation's Triple Care Farm project, which gives disadvantaged kids a taste of country living. First division in the regatta was won by the advertising group URSA Metropolis on yacht Transfusion. The gang from Westpac were entertained on shipping man **Bob Felton**'s 57-foot Beneteau, Losel. Felton, like others, waived his charter fee.
