**Industry shindig for charity**

By the end of next month, after a tough reporting season, the property industry will need a good drink and some light relief.

On August 22 the Property Industry Foundation is holding its annual gala event, *Bazaar Street Party - An Olympic Journey*.

It aims to raise more than \$150,000 from the event, which replaces the foundation's winter ball. This year funds raised will go to the Exodus Foundation, to help in the development of its Centre of Education Excellence in Ashfield.
