Brookfield Multiplex, with offices throughout Australia, New Zealand and the Middle East, is a fully integrated property and funds management business with activities in infrastructure, property development, construction and property services.

Following the acquisition of Multiplex in January 2008 and rebranding as Brookfield Multiplex, the company became a wholly owned subsidiary of Brookfield Asset Management Inc, a global asset manager focused on property, renewable power and other infrastructure assets with over US\$90 billion of assets under management.

Brookfield Multiplex has a reputation for quality, innovation and the successful delivery of major projects. One Shelley Street is Sydney's latest 6 Green Star Design rated base building. The design incorporates an external diagrid that acts as the primary support for the structure and minimises internal columns to provide uninterrupted floor space.
