### Altus Page Kirkland Staff and Clients Attend Annual PIF Regatta, Friday 25 March | 31 Mar 2011

On Friday 25 March, members of the property and construction industry sailed along Sydney Harbour for the annual Property Industry Foundation (PIF) Regatta.

A crew of 18 Altus Page Kirkland staff and clients accompanied 6 members from the Brindabella yacht (a fine maxi sailing yacht renowned for winning the Sydney to Hobart Yacht Race in both 1991 and 1997) for the event, which was organised as a staggered start handicap pursuit race.

Brindabella set off as the 5th last boat in a fleet of over 80 yachts (nearly 40 minutes behind the first start) and finished in 8<sup>th</sup> position.

The weather forecast, which threatened to be a bit gloomy (possible showers, with a moderate south-westerly breeze), was contrasted by our bright lemon coloured Altus Page Kirkland polo shirts – the final outcome was a day with overcast skies and light to moderate winds, but no rain.

A great time was had by all at this key property and construction industry event.

Proceeds from the Regatta will help charities working with youth living on our streets and homeless children.
