

2011 Annual Winter Campaign

Winter Campaign for homeless kids

Presented by the
PAExclusive Volunteer Group
An initiative of the Property Industry Foundation

30 June - 30 July

Every night there are over 36,000 homeless children doing it tough. Help us warm up their lives and gift to them some winter woollens.

These will be distributed to over 20 different children's charities:

What to do?

Drop in a winter woollen or two for the homeless kids in the collection box that your PIF representative has provided in your office/reception area.

Note: We request new items for girls & boys aged 14-19 years.

From 29th June, chocolates will be available to purchase through your PIF representative. Once again, all proceeds will go towards purchasing woollens for disadvantaged children.
